

named me in a situation similar to that of Generals whose nominations have been sent by the President to the Senate, is entirely incorrect, both in theory and in fact. The President is the only appointing power. Secretary Chase suggests names to him as members of Congress suggest names to Secretary Chase.

The suggestions of the latter weigh, perhaps, somewhat less with the S. than with the Secretary's with the President. But the position of each, relatively to the other, is the same. The importance of publishing names suggested by either is apparent. The President has not yet even opened the package for New-York sent him by Secretary Chase.

The appointments for Pennsylvania and some other States also remain undetermined at the White House. Mr. Chase has submitted 1,400 for every State, we believe, except Wisconsin and Maryland, and there is no doubt that the name-nominations will be made in ample time to enable the law to go into operation on the 1st of September.

#### WORK IN THE TAX OFFICE.

An enormous amount of work has been done in the office of the Commissioner of Internal-Revenue since the appointment of that officer. Beside having much to do in conference with the Secretary respecting appointments, he has framed thirty blanks, some of which required no little labor in order to unite simplicity with thoroughness.

Two millions of these blanks are being printed to meet the first demand under the law. A sum of documentary matter has already been sent to the various tax collectors from Gov. Howard's office.

#### DISMISSED FROM THE SERVICE.

Col. Mason of the 1st Ohio, who disgracefully surrendered Clarksville, where he was strongly intrenched, and in command of 1,600 men, to a guerrilla force of 300, has been reluctantly dismissed the service.

#### THE CIRCULATION OF SMALL NOTES.

The Treasury Department is about to issue a notice to the effect that henceforward the law forbidding the circulation of bank notes under the denomination of \$5 will be enforced in the District of Columbia. It is intended, of course, to supply a sufficient amount of Government paper to take its place.

The POSTAGE, CURRENCY AND TREASURY NOTES. Gov. Seward will try to send a small instalment of the Postage currency and of the Treasury notes of the denominations of one and two dollars to the Assistant Treasurer of New-York to-morrow, or Philadelphia on Tuesday, and Boston on Wednesday, for use in their offices.

#### ASSIGNED TO GEN. CASEY.

Brigadier Generals John Cook and A. A. Humphreys are ordered to report for duty, to Gen. Casey, in this city.

#### SEVEN MILLIONS FOR BOUNTIES.

The bounties to be paid by the Government to the new volunteers already amount to \$7,400,000. The payments are made as rapidly as possible, the Treasury suspending all other payments for the time in order to expedite the work.

#### Congressional Nomination in Ohio.

TODAY, Saturday, Aug. 25, 1862.—At the regular Union Convention to-day, the Hon. J. M. Ashley was nominated for Congress by acclamation, with great enthusiasm. The Hon. F. C. Beaman of Michigan addressed the Convention.

#### Democratic Meeting in Independence Square, Philadelphia.

The meeting called by Mr. Horace, Chairman of the Democratic State Central Committee, is progressing quietly in Independence Square.

#### About 2,000 persons are present.

Delegations marched from the various wards to the Square with torches.
